IMPORANT INFORMATION

As we return to school we would like to remind our families to have patience when loading and unloading students. Please only use the active loading lane to load and unload students. If you choose to park and walk your student please be sure to park your car in the parking lot. Do not park in a handicap spot, or active loading lane in front of the school. Please use the crosswalk. We appreciate all of your support and cooperation with these procedures as we work together to ensure safety for every student.
